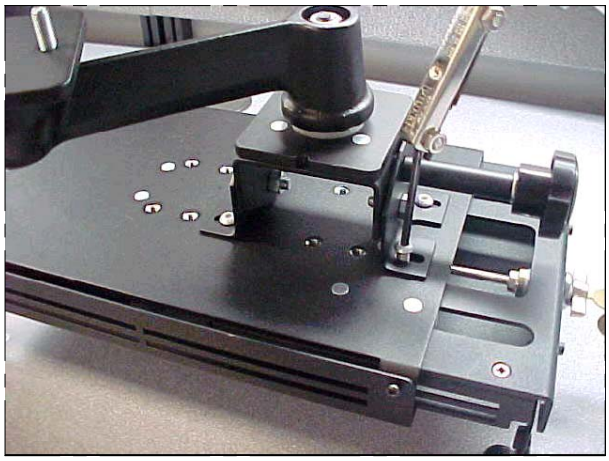
INSTALLATION INSTRUCTIONS

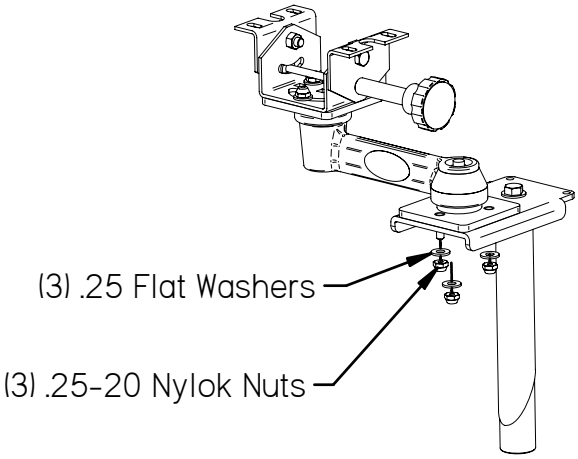
Product	Date	Form #
7160-0025 **Assembly - Arm & DS/MCS Clevis** **7160-0026** **Assembly - Arm & Clevis 0-90**	05/24/2007	INST-328

WARNING

•The Arm Assembly and computer Cradle or Dock must be positioned away from the driver and the airbag deployment zone when the computer is not being used and especially when the vehicle is in motion.
•High speed vehicle turns may cause the arm to swivel, interfering with the driver or other equipment.
•Any equipment positioned in front of an airbag can cause serious injury or death if an airbag deploys, as in an accident.



Attach Arm Assembly to the bottom side of computer Cradle or Dock with the (4) .25-20 x .50 long Socket Button Head Screws supplied with the Cradle or Dock.



Remove the .25-20 nylok nuts and flat washers from the adapter plate.
Place the adapter base on the upper pole assembly, inserting the threaded studs through the two radial slots
Place the washers and lock nuts on the stud and tighten.
Unscrew the tilt knob to loosen clevis assembly and set the amount of tilt. Lock in place by tightening knob.

Product Mounting Disclaimer
Gamber-Johnson is not liable under any theory of contract or tort law for any loss, damage, personal injury, special, incidental or consequential damages for personal injury or other damage of any nature arising directly or indirectly as a result of the improper installation or use of its products in vehicle or any other application. In order to safely install and use Gamber-Johnson products full consideration of vehicle occupants, vehicle systems (i.e., the location of fuel lines, brakes lines, electrical, drive train or other systems), air-bags and other safety equipment is required. Gamber-Johnson specifically disclaims any responsibility for the improper use or installation of its products not consistent with the original vehicle manufactures specifications and recommendations, Gamber-Johnson product instruction sheets, or workmanship standards as endorsed through the Gamber-Johnson Certified Installer Program.
